Mounting the W-2UC

To mount a Kramer insert or connector module:

1. Place the Kramer insert over the opening.
2. Insert the four screws (two on each side) to fix the Kramer insert in place, and tighten them.

Mounting the WP-2UC

The **WP-2UC** Decora® style one gang insert can be fitted into a Decora® style faceplate.

Grounding the Dual USB Charger

The grounding screw is used to earth the chassis of the unit to the ground of the building to help prevent static electricity from impacting on the performance of the unit.
